Covid 19 (Coronavirus) – PREVENTION

In school we are taking measures to try and limit the spread of infection. When children arrive at school they are expected to wash their hands as well as regularly throughout the day. When they leave the school at the end of the day they have to wash and sanitise their hands. We have tissues in school to catch sneezes but encouraging children to do this at home is very helpful.

SCHOOL CLOSURE

If the school closes the teachers will be sending homework via the school website and in paper form so children's learning can continue. We will be talking to children in assembly about what they can do at home if school closes.

PUPIL ABSENCE

It is not necessary to self isolate unless you have a persistent cough and/or a high temperature. Keeping your child off prematurely will compromise future plans and may count as an unauthorised absence.

HELP IN THE COMMUNITY

There is a co-ordinated effort to help vulnerable people and families if school closes and all of the community have to self-isolate. There is a network of people who can help with shopping and collecting prescriptions for the elderly through the Lions Club and there is support from the Church and other local organisations. If you feel as though you may need help phone Budleigh Surgery and they will assess your needs and contact people accordingly. If you have questions please contact me via the school office.

This week

Otters Class have been busy this week making Swords and Shields as part of their topic about Kings and Queens.

Sport Relief

We have been taking part in Sport Relief today, the children and teachers have all worn their sportiest outfits and have taken part in lots of different activities to raise money for the charity.
